

Scientific Exchange Report from Japan Panel

Oct. 2014-Sept. 2015

Collaborative Research Projects

1. Cohabitation challenge of Japanese abalone with American abalone infected by withering syndrome.

Ikunari KIRYU (National Research Institute of Aquaculture) researching with Prof. S. Carolyn Friedman at University of Washington, Seattle, Washington (Apr. 2013 – Mar. 2015).

2. Studies on Population genetic study by use of massively parallel sequencing technique reveals expansion pathway of toxic marine dinoflagellate showing cosmopolitanism.

Satoshi NAGAI (National Research Institute of Fisheries Science) researching with Dr. Mindy Richlen, at Woods Hole Oceanographic Institution and Dr. Vera Trainer at Northwest Fisheries Science Center , NOAA (Apr. 2014 – Mar. 2015).

3. Studies on Production of healthy salmonids possessing higher bio- defense powers.

Takashi YADA (National Research Institute of Aquaculture) researching with Prof. Carl B Schreck at Oregon State University, Corvallis, Oregon (~ Sept. 2015).

3. A visiting researcher to Development of stock assessment model for sharks in consideration of the characteristic of the life history

Mikihiko KAI(National Research Institute of Far Seas Fisheries) researching with Dr. J. Ianelli at National Marine Fisheries Service-NOAA Fisheries, Alaska Fisheries Science center (Oct. 2014 – May 2015)

4. A visiting researcher to Improving fish breeding using Genotyping by sequencing.

Susumu UJI (National Research Institute of Aquaculture) researching with Dr. John H. Postlethwait at Institute of Neuroscience, University of Oregon (Apr. 2015 – Feb. 2016).

Meetings and Symposiums

1. The 42nd Joint Meeting of the UJNR Aquaculture Panel (La Jolla, California)

Headquarters, Fisheries Research Agency

Fuminari ITO (29 Sept. -05 Oct, 2014)

National Research Institute of Aquaculture

Junya HIGANO (29 Sept. -06 Oct, 2014)

Masayuki MINAKAWA (29 Sept. -06 Oct, 2014)

Hiroiyuki OKAMOTO (29 Sept. -06 Oct, 2014)

Akiyuki OZAKI (29 Sept. -06 Oct, 2014)
Yukinori SHIMADA (29 Sept. -06 Oct, 2014)
Toshiya YAMAGUCHI (29 Sept. -06 Oct, 2014)
Satoshi WATANABE (29 Sept. -06 Oct, 2014)

2. 9th International Flatfish Symposium 2014 (Cle Elum, Washington)

Japan Sea National Fisheries Research Institute
Shinji UEHARA (06 Nov. – 15 Nov., 2014)
National Research Institute of Fisheries and Environment of Inland Sea
Masakazu HORI (06 Nov. – 15 Nov., 2014)

3. 2014 American Geophysical Union (AGU) Fall Meeting (San Francisco, California)

Japan Sea National Fisheries Research Institute
Yosuke IKETA (14 Dec. – 20 DEC., 2014)
Shoko ABE (14 Dec. – 20 DEC., 2014)

4. 49th US-Japan Joint Panel Meeting of UJNR Toxic Microorganisms (New Orleans, Louisiana)

National Research Institute of Fisheries and Environment of Inland Sea
Toshiyuki SUZUKI (25 Jan. – 01 Feb., 2015)

5. PICES FUTURE Open Meeting (La Jolla, California)

National Research Institute of Fisheries and Environment of Inland Sea
Mitsutaku MAKINO (02 Mar. – 05 Mar., 2015)

6. Meeting of PICES Assessing the Debris Related Impact From Tsunami (ADRIFT) (Honolulu, Hawaii)

Tohoku National Fisheries Research Institute
Hideki TAKAMI (13 Mar. – 19 Mar., 2015)

7. Association for Chemoreception Sciences Annual Meeting (Chicago, Illinois)

National Research Institute of Fisheries Science
Yuko MURATA (22 Apr. -02 May., 2014)

8. Pre-meeting of collaborative research projects with Monterey Bay Aquarium and The 2015 Sustainable Foods Institute (Monterey, California)

Headquarters, Fisheries Research Agency
Yoshioki OOZEKI (10 May – 16 May, 2015)
Ryo KIMURA (10 May – 16 May, 2015)

9. Study of the regional variations in ecosystem functions and services of seagrass bed in Pacific rim

National Research Institute of Fisheries and Environment of Inland Sea

Kazumasa HORI (29 Jun. -07 Jul., 2015, Anchorage, Alaska)

10. Pre-meeting of collaborative research projects (Seattle, Washington)

Hokkaido National Fisheries Research Institute

Hiroshige TANAKA (30 Jun. -07 Jul., 2015)

Seikai National Fisheries Research Institute

Yohei KAWAUCHI (30 Jun. -07 Jul., 2015)

11. 5th International Conference "The Molecular Life of Diatoms" (Seattle, Washington)

National Research Institute of Fisheries and Environment of Inland Sea

Yuji TOMARU (05 Jul. - 11 Jul., 2015)

12. 17th International Symposium of Toxicity Assessment (Bellingham, Washington)

National Research Institute of Fisheries and Environment of Inland Sea

Kenji HANO (01 Aug. - 08 Aug, 2015)

Toshimitsu OSHIZUKA (01 Aug. - 08 Aug, 2015)

13. SICCOME Workshop (Seattle, Washington)

National Research Institute of Fisheries Science

Satoshi SETOH (09 Aug. -14 Aug., 2015)

14. America Fisheries Society Annual Meeting (Portland, Oregon)

Hokkaido National Fisheries Research Institute

Kentaro MORI (15 Aug. -22 Aug., 2015)

Koh HASEGAWA (21 Aug. -28 Aug., 2015)

National Research Institute of Aquaculture

Kazuki YOKOUCHI (15 Aug. -22 Aug., 2015)

**A File of the Contents of the Technical Reports
Published from
Prefectural Fisheries Research Institutes in Japan
Year 2014- 2015**

UJNR Aquaculture Panel

November 10th, 2015

UJNR Japan Panel, Fisheries Research Institute (FRA)

◆ Situation of this file

In the business meeting held at Massachusetts 2007, US panel proposed us to prepare and submit a file of the contents list of technical reports published from Prefectural Fisheries Research Institutes of Japan in the previous year, in place of the literature exchange we made so far. We officially agreed with that idea and prepared this file as you see here. We would like you to accept this file and utilize this to proceed your research activity.

The paper you want will be supplied by NRIA secretariat
(e-mail: suisinka-nria@ml.affrc.go.jp.)

November 10th, 2015

Secretary of UJNR Japan Panel

CONTENTS

Original Paper

Growth, maturity and Stock size of brown sole *Pleuronectes herzensteini*
in the Sea of Japan off Aomori Prefecture

Kingo ITO, Yuka WADA, Taichi MIURA and Tomoyuki YAMANAKA..... 1

Growth, maturity and Stock size of Roundnose flounder *Eopsetta grigorjewi*
in the Sea of Japan off Aomori Prefecture

Kingo ITO, Yuka WADA, Taichi MIURA and Tomoyuki YAMANAKA..... 15

BULLETIN OF IWATE PREFECTURAL FISHERIES TECHNOLOGY CENTER

No.8 March, 2015

CONTENTS

- Effect of warm water treatment on soft tunic syndrome in the edible ascidian *Halocynthia roretzi*
.....Toshimasa Kobayashi and Toshiaki Ohmura..... 1
- Migration pattern of Japanese flounder, *Paralichthys olivaceus*, from the north region of Iwate Prefecture, Pacific coast of northeastern Japan, based on tagging and recapture data
.....Tomoaki Goto and Ritsuko Sasaki ... 5
- Catch trends of *Todarodes pacificus* during the spring-summer period in 2013 in Iwate Prefecture with comments on the hatch timing
.....Airi Takanashi, Tomoaki Goto and Yoshiaki Hara.....13
- Relationship between 1+ age juvenile and adult densities of Ezo abalone *Haliotis discus hannai*, Iwate Prefecture, Japan
Toshiaki Ohmura, Takahiro Saido, Tatsuya Musashi, Toyomitsu Horii, and Hideki Takami..17

CONTENTS

Originals

- Bathymetric distribution and phenology of *Ecklonia kurome* in the western Wakasa Bay, the Sea of Japan
.....Tomokazu Nishigaki and Akio Douke 1
- The effect of salinity on survival of the cockle *Fulvia mutica*
.....Naofumi Tanimoto, Masayuki Tanaka, Tetsuji Hisada, Ryosuke Ohata and Yuichi Imanishi 7
- Determination of paralytic shellfish toxicity of naturally occurring dinoflagellates using an
Enzyme-Linked Immunosorbent Assay (PSP-ELISA) method
.....Hitoshi Ozaki and Masayuki Nakanishi 11

Short paper

- The structure of demersal fish assemblages off Kyoto Prefecture in summer phaseShunsuke Noguchi 17
- The feeding of seaweed and seagrass by herbivorous fish *Siganus fuscescens* in western Wakasa Bay, the Sea of Japan
.....Akio Douke and Chie Suzuki 21
- The effects of cleaning and low rearing density on cultivation of the cockle *Fulvia mutica*
.....Ryosuke Ohata, Masayuki Tanaka, Yuichi Imanishi, Tetsuji Hisada and Hitoshi Ozaki 25

Note

- An actual situation of distribution on Spanish mackerel from KyotoMasashi Mochizuki 29

Excerpt

- An analysis of Japanese consumer consciousness on mislabeling food: Derived from a consumer questionnaire on perceptions of Kuruma prawns and black tiger prawnsMasashi Mochizuki and Taro Oishi 35
- The "fast fish" campaign in Japan and consumers' consciousness of marine environmental preservation.
.....Taro Oishi, Ienori Tatefuku and Masashi Mochizuki 35

NO.8
CONTENTS

Original

- Transition of distribution and the river bed condition of spawning grounds of Ayu, *Plecoglossus altivelis altivelis*, in the Takatsu River, Shimane Prefecture
..... Hiroyoshi TERAKADO, Tatsuro MURAYAMA, Kazushi SOTA and Seiji TANAKA 1

Notes

- Maintenance of spawning ground of Ayu, *Plecoglossus altivelis altivelis*, in the Gounokawa River, Shimane Prefecture in 2013
.....Isao TAKAHASHI, Hiroyoshi TERAKADO, Kazushi SOTA, Shigeru YASUGI, Tatsuro MURAYAMA and Katsuya FUKUI 29

- Assessment of the habitat quality for Ayu, *Plecoglossus altivelis altivelis*, in the upper reaches of the Gounokawa River
.....Isao TAKAHASHI, Hiroyoshi TERAKADO, Kazushi SOTA, Tatsuro MURAYAMA and Katsuya FUKUI 39

- Estimation of catches of Japanese crucian carp (*Carassius*), icefish *Salangichthys microdon*, seabass *Lateolabrax japonicus*, pond smelt *Hypomesus nipponensis* by the gill net fishing of 2000-2005 fishing season in Lake Shinji, Japan
..... Yuji FUJIKAWA and Hiroshi UCHIDA 51

- A rare mantis shrimp, *Faughnia formosae* collected from south-western Sea of Japan
..... Atsushi MICHINE and Akira OKINO 59

Interview

- The nature and aquaculture of Japanese eel, *Anguilla japonica*, in Lake Jinzai, Shimane Prefecture, Japan: an interview note.
.....Kazushi SOTA and Kenji ISHIDA 65

BULLETIN
OF
SAGA PREFECTURAL GENKAI FISHERIES RESEARCH AND DEVELOPMENT CENTER
NO.7
MARCH,2015
CONTENTS

(Original Articles)

Keiji YAMAURA and Katsuhisa EGUCHI

The effects of light intensity on the growth and survival of sea cucumber *Apostichopus japonicus* using attaching diatom for culturing feed 1 – 4

Katsuhisa EGUCHI

A suitable secondary food for juvenile sea cucumber *Apostichopus japonicus* besides usual diatoms on the rearing plates 5 – 9

Keiji YAMAURA and Kunihiko MASAKI

Laboratory observations of Feeding of Some Predators to the Juvenile Sea Cucumber, *Apostichopus japonicus* 11 – 13

Masahiko TERADA

Study on fishery of *Engraulis japonicas* in Genkai sea area of Saga prefecture
– Estimation of migration of *Engraulis japonica* – 15 – 19

(Short Papers)

Masahiko TERADA, Yuji MASUDA, Hideaki KOGA

Long-term changes of intertidal organisms under the disposal of thermal effluent 21 – 25

Masahiko TERADA, Yusuke YAMANA

Two specific echinoderm observed in Karatsu Bay in July, 2013 27 – 29

(Notes)

Masahiko TERADA

Changing for catch of sand lance *Ammodytes personatus* Around Genkai Sea area, Saga prefecture 31 – 32

Masahiko TERADA

Change of distribution region of *Cucumaria echinata* Around Genkai Sea Area, Saga prefecture ... 33 – 36

Kano NISHIYAMA, Mayumi KAWAGUCHI, Yukifumi YOSHIDA, Kohsuke NOGUCHI, Hiroshi FUJISAKI, Masahiko TERADA, Takako AKETAGAWA and Taizo EGUCHI

A. Red Tide of *Karenia mikimotoi* in the Saga Northern Coastal Area in Summer, 2013 37 – 48

Mayumi KAWAGUCHI, Kano NISHIYAMA, Yukifumi YOSHIDA, Kohsuke NOGUCHI, Norimasa TABAKOTANI and Taizo EGUCHI

Toxification of Bivalves with paralytic shellfish poisoning (PSP) Toxins by *Alexandrium catenella* in the Kariya Bay, Saga Prefecture, in 2013,2014 49 – 55

Mayumi KAWAGUCHI, Kano NISHIYAMA, Kohsuke NOGUCHI, Yukifumi YOSHIDA, Hiroshi FUJISAKI, Masahiko TERADA, Takako AKETAGAWA and Taizo EGUCHI

Influence of Mortality in Cultured Oyster *Crassostrea gigas* by A Red Tide of *Heterocapsa circularisquama* and Hypoxias in the Saga Imari Bay (2013) 57 – 64

(Material)

Katsuhisa EGUCHI and Hidefumi OKAYAMA

The present status and issues on seedlings culture technology of scorpion fish *Sebastes marmoratus* ... 65 – 79

Katsuhisa EGUCHI

The present status and issues on seedlings culture technology of the sea cucumber *Apostichopus japonicus* 81 – 97

Masahiko TERADA

Discharging to Abalones In Genkai Sea area, Saga prefecture 99 – 106

Kohsuke NOGUCHI

The present conditions and problems on seedlings culture technology of the Sea Urchin *Pseudocentrotus depressus* 107 – 120
