

Collaborative Research Projects

Regulatory mechanisms in reorganization of gills during environmental adaptation of fish.

Takashi YADA (National research institute of fisheries science) researching with Stephan D. McCormick, at the University of Massachusetts Amherst.

Early life ecology of abalone, *Haliotis*, in the North Pacific coasts.

Toyomitsu HORII (National research institute of fisheries science) researching with Laura Roger-Bennett, at California Department Fish & Game, Bodega Marine Laboratory.

Meetings and Symposiums

36th UJNR Aquaculture Panel meeting (Manchester)

National research institute of aquaculture

Hiroshi NAKANO (28, October 4, November, 2007)

Kazumasa IKUTA (28, October 4, November, 2007)

Takao YOSHIMATSU (28, October 4, November, 2007)

Toshie MATSUMOTO (28, October 4, November, 2007)

Takuma SUGAYA (28, October 4, November, 2007)

Tohoku National Fisheries Research Institute

Toshiyuki SUZUKI (28, October 4, November, 2007)

National Research Institute of Fisheries Science

Hideaki AONO (28, October 4, November, 2007)

Japan Sea National Fisheries Research Institute

Tatsuya UNUMA (28, October 4, November, 2007)

National Center for Stock Enhancement

Shigeki DAN (28, October 4, November, 2007)

National Research Institute of Fisheries Engineering

Yoshihiro OHMURA (28, October – 4, November, 2007)

Hajime SAITO (28, October – 4, November, 2007)

Emeritus Panel Member

Kunihiko FUKUSHO (28, October – 4, November, 2007)

Atuko FUKUSHO (28, October – 4, November, 2007)

Participating NOAA/USDA Feeds Initiative Meeting (Seattle)

National research institute of aquaculture

Takao YOSHIMATSU (27, February – 2, March, 2008)

Tsuyoshi SUGITA (27, February – 2, March, 2008)

Pacific herring scientific workshop (Seattle)

Hokkaido national fisheries research institute

Takahiro MATSUBARA (8 – 19, May, 2008)

Fisheries research agency

Hiroyuki OKOCHI (8 – 19, May, 2008)

International symposium on sex determination and gametogenesis in Fish (Honolulu)

National research institute of aquaculture

Koh-ichiro GEN (30, May – 4, June, 2008)

XV International Symposium on Olfaction and Taste (San Francisco)

National Research Institute of Fisheries Science

Yuko MURATA (20, July – 2, August, 2008)

Edwin W. Pauley Summer Program in Marine Biology - Hormones and the Environment (Hawaii)

National Research Institute of Fisheries Science

Takashi YADA (21 -26, July, 2008)

Others

Visiting to the commercial offshore culture trials (Hawaii)

Fisheries research agency

Hiroshi KUWADA (10 -14, December, 2007)

National research institute of aquaculture

Takao YOSHIMATSU (10 -14, December, 2007)

Toshinobu TAKASHI (10 -14, December, 2007)

National Research Institute of Fisheries Science

Sadamitsu AKEDA (10 -14, December, 2007)

Collection of coral samples for gene analysis, as a part of the Project for Coral Habitat Expansion

in Okinotorishima Island, Japan. (Guam)

Seikai National Fisheries Research Institute

Tsuyoshi HAYASHIBARA (20 -25, January, 2008)
